We've all tried reaching out to the mods on multiple occasions, but no one has answered us, so I figured if I reached out to you, you might answer.
A while back, there were people who pulled a prank on the forums. After being reported, the people behind this prank where perma-banned. Honestly, I don't think they deserve this for something so small. Before, Someone was pushing boundaries and being generally rude and spamming, but they were not even banned for a while. now, the mods immediately result to perma-banning for something very minor.
Please , bring back the forumers Tiger, Hydra, Dynasty, Insanity and any others, or at least make their bans normal bans and not perma-bans.
Or explain to us why something so small has removed these perfectly fine forumers from our community.
I guess i'm just saying I want some help on this.

Hi guys,

I'm not the mod you summoned but I wanted to stop by and give you some more information. The cryingrabbit accounts were all perma-banned. They were created only for spamming purposes, and while I appreciate that it was a harmless prank (and some of the posts were funny), spamming the boards is against the rules. The regular accounts got a one-week ban at maximum. If someone was mistakenly banned or perma-banned, please let me know the username and I'll investigate.

Thanks!
